

DonorPerfect Online Forms

Save time, reduce costs, and raise **more** money for your mission with integrated forms exclusively built for DonorPerfect and perfectly customizable to meet your organization's unique needs.

DonorPerfect online forms can be used for:

- Donations
- Volunteer signups
- Event registration
- Surveys
- Memberships
- And more!

Designed for nonprofit organizations, DonorPerfect Online Forms can help you:

Save time collecting, processing, and confirming gifts, signups, memberships, and more.

Because DonorPerfect Online Forms integrate with DonorPerfect, all information collected flows directly into your DonorPerfect system. Transactions are instantly confirmed via email and perfectly organized in the appropriate donor record.

Cover processing costs with a feature that empowers donors to pitch in.

Add "Donors Cover Costs" to your DonorPerfect online donation form to allow donors to make their full donation count toward your mission by enabling them to cover the low fee that's associated with processing their donation.

Beautifully and professionally style your forms - no design experience needed!

DonorPerfect Online Forms make styling a breeze. Just upload your image or logo and use the Form Styler to change fonts, colors, and general layout.

Reach maximum fundraising success with the help of a dedicated support team and resource center.

You can lean on DonorPerfect's top-notch support team who knows your forms inside and out. Visit DonorPerfect's Online Forms Resource Center to learn best practices for giving your donation form a spotlight on your organization's website, in your emails, and through social media.

DonorPerfect Online Forms

Save time, reduce costs, and raise **more** money for your mission with integrated forms exclusively built for DonorPerfect and perfectly customizable to meet your organization's unique needs.

Export the information you need to Excel quickly and easily.

A new Export to File button on your form's Download screen gives you the ability to export data collected from DonorPerfect Online Forms to an Excel file, regardless if they have been downloaded to DonorPerfect.

That way, you can perform tasks like:

- Generate a list of volunteers' contact information from a registration form.
- Easily track people who fill out your form and only select non-payment items.
- Your nonprofit is doing a community outreach event but you don't want the participants in your database. Use DonorPerfect Online Forms to collect the data and registrations but don't import it.

"For me, my overall satisfaction with DonorPerfect has increased as we have integrated DonorPerfect Online Forms and moved our online presence to a higher level. DonorPerfect Online Forms has been a perfect fit."

- Valerie Foster
